

AMENDMENTS TO THE SPECIFICATION

Please replace paragraph [64] of the specification with the following amended paragraph:

The above-described preferred embodiments of the present invention can be realized as programs, which can be executed in a universal digital computer through a computer readable recording medium. In addition, a data structure used in the above embodiments can be recorded in a computer-readable recording medium using various means. The computer readable recording medium may be storage media, such as a magnetic storage medium (for example, a ROM, a floppy disc, or a hard disc), or an optical readable medium (for example, a CD-ROM or DVD), ~~or carrier waves (for example, transmitted through the Internet).~~
